Cameron Ramirez

Software Developer

Richmond, Virginia | cameronrz.dev@gmail.com | https://cameronrz.dev

Software Engineer with over 7 years of experience building and maintaining scalable web applications. Experienced in full-stack development, performance optimization, API integrations, and end-to-end deployments. Brings full project ownership across the software lifecycle, from architecture and implementation to release management and production support.

WORK EXPERIENCE

SYDCON, Inc.   **Jul. 2023 - Present**
Software Developer

- Maintained and enhanced a high-volume gift card processing Symfony application supporting significant weekly transaction volume.
- Optimized processing workflows using in-memory lookups, generators, and scheduled job improvements to increase performance and reliability.
- Built and deployed a customer-facing AI chatbot with Node.js, TypeScript, and the ChatGPT API using company docs, website content, and zipcode based context.
- Developed internal and client-facing applications using Laravel, Vue.js, React, and TypeScript.
- Implemented authenticated workflows, background jobs, and scheduled processes across multiple applications.
- Provisioned and deployed applications on DigitalOcean and contributed to high-traffic applications on Heroku with Redis caching.

TAO Connect, Inc.   **Jun. 2019 - Feb. 2023**
Software Developer / Project Lead

- Built internal Laravel reporting tools for client and platform analytics.
- Developed full-stack features with Laravel and Vue.js for a mental health platform serving 100,000+ users across universities in the U.S. and Canada.
- Integrated Stripe, Twilio, and Zoom APIs for payments, communications, and video workflows.
- Owned pull request approvals, release coordination, and production deployments.
- Coordinated technical delivery across web and mobile teams while representing engineering in roadmap discussions.

By The Pixel, LLC.   **Sep. 2021 - Sep. 2022**
Software Developer

• Developed CMS and product features across Ruby on Rails and Laravel applications.

• Built responsive interfaces with Vue.js and SCSS.

• Maintained internal PHP Composer packages and MySQL schemas.

• Implemented scheduled jobs for eCommerce data ingestion and processing.

• Worked with AWS EC2, CloudFront, S3, and CI/CD workflows.

ADDITIONAL EXPERIENCE

Palm Beach Acupuncture   **Jan. 2014 - Feb. 2019**
Office Manager

• Oversaw day-to-day operations, billing, payments, and process improvements.

SKILLS

Languages	PHP	JavaScript	TypeScript	HTML	CSS	SCSS/Sass
Frontend	React	Vue.js	Tailwind CSS	Shadcn/ui Components
Backend	A.I. Integration	Laravel	Node.js	Express
Database / Caching	MySQL	PostgreSQL	MongoDB	Redis
Infrastructure	Docker	Docker Compose	AWS EC2	CloudFront	S3	DigitalOcean	Apache	Heroku	CI/CD
Tooling	GitHub	Jira	ChatGPT	Claude	Figma
Operating Systems	Linux	macOS
